Mission Statement

The Sacheen Lake Sewer and Water District Board will represent the Sacheen community as a whole in sustaining the natural environment. In order to protect lake and well water quality, an effective, environmentally safe and economical whole lake sewer system will be developed and maintained. The Board will continue to focus on lake level, water quality, education on topics of importance that impact the Lake, and care of Myers-Harter Sanctuary.

As a junior taxation district representing Sacheen Lake, the Sewer and Water District Board will lobby local, state, and federal agencies to develop regulations and obtain funding to support the Mission.
