Operators report:

1 service call and 4 locates 2 were stubs. Fine screen is intermittently tripping. Keeping eye on it to try and figure out why. Had a spike in BOD in irrigation last month, taking samples from each lagoon to find out what is causing the spiking. Picked up the motor for the irrigation pump, we are missing some of the small parts for install., trying to contact Paul and no response. Spoke with Fogel about installing the irrigation pump They said they could get to sometime in September. Will ask for an estimate for the install.. We received two grinder pump vaults from E-One. Replaced all switches and stator on the spare pumps.

Need to proceed with a petition from the land owners to start process. Will contact land owner.

Rod spoke with Diversified Lube and they had no authorization or estimate to repair.

Enduris Insurance has a 10 month payment plan starting in August amount is 1122.00 monthly

Compliance meeting on September 28th. Working with the labs for reports and preparing for it.

Ecology permit fees are going up no other information at this time.

Liner repair could be reason for BOD's going up,.Emergency irrigation for repair.

Customers 60 day late go to collections and 90 days late lien.

Truck at Lagoon Nathan is wanting to trade the truck for plowing. We will hire someone to plow snow as needed.
